Foundation Budget Review Commission Resolution

Whereas the Massachusetts Foundation Budget Review Commission identified two areas (employee health insurance and special education) where the Massachusetts Foundation Budget significantly understates the true cost of educating students in the Commonwealth and has failed to keep pace with rising costs;

Whereas this underfunding means the cost of providing a quality education has increasingly been borne by local communities, most often at the expense of other vital municipal operations;

Whereas investing in education today leads to higher incomes, and thus less investment in police, prisons, subsidized health care, low income housing, welfare, etc. in the future;

Whereas state and local economies are most effectively strengthened “by investing in education and increasing the number of well-educated workers.”

Therefore Be It Resolved that the Leicester School Committee calls on the Massachusetts Legislature and the Governor of Massachusetts to fully fund and adopt the recommendations of the Foundation Budget Review Commission in the immediate future.
